

## TESTIMONIALS:

### ● AMECI ROCKS!!

I am a very skeptical food consumer; I know what good food tastes is and therefore, I do not advocate restaurants who do not comply with my standards. Ameci offers one of the best pizzas I have had. Trust me!! the quality is insurpassable! every aspect of the pizza is noteworthy; the crust, the sauce, the flavorful toppings!!

### ● MOST DELICIOUS IN TOWN!

I often find myself craving Ameci. For me, the BEST food is the eggplant parmasan hero... it ingenious! It's SO amazing! They're pizza is just to die for. As a New Yorker originally, I know what good pizza tastes like, and this is some of the best pizza I have found on the west coast. When I introduce friends to Ameci, they always flip over how delicious the food is. The service is fast and extremely friendly, they know what I'm going to order as soon as I walk in.
